Subject: Request for .edu Email Account

Dear **Mr. Kumar Prasun**,

I hope this letter finds you well. I am writing to formally request the provision of a **.edu** email account associated with our institution. As a student of **Bachelor of Computer Applications (BCA)**, having access to an official academic email would enable me to benefit from various **student developer packs, online learning resources, and technology tools offered exclusively to students through platforms such as GitHub, Microsoft, AWS, and Google.**

Many software companies and learning platforms provide free access to educational tools, cloud services, and development software for students with an official .edu email account. This would significantly aid my academic progress and allow me to enhance my learning, research, and project development in the field of computer applications.

I kindly request you to grant me access to a .edu email account and guide me through the necessary procedures to obtain it. I would be grateful for your support in this matter and look forward to your positive response.

Thank you for your time and consideration.

Sincerely,

Rashmi Pariyar
